

About BCOC : BCOC (Bhanushali Chamber Of Commerce) is a non-profit organisation, inspired by SKBSST and registered under Section 8 of the Companies Act 2013. Our vision is "Let's Grow Together," emphasising the pillars of continuous learning, effective networking, and collaborative growth.

As the buzz of budget announcements echo through the financial world, investors geared up for potential market shifts. Understanding the need for guidance amidst these changes, BCOC organised the Budget and Beyond 2024 seminar in collaboration with the esteemed Bhanushali Chartered Accounts Forum (BCAF). With over 190 eager participants in attendance, the seminar promised to be an enlightening journey through the complexities of the financial landscape.

The event kicked off with Deep Pragtyan, where distinguished guests like trustee Shri Shambhu Bhai Mav and Pramukh Shri Naresh Sethia shared inspiring words, urging attendees to actively engage in community initiatives. Their encouragement set a positive tone for the day ahead, fostering an environment of enthusiasm and collaboration.

The seminar commenced with Krishna Bhadra, Founder of AGATI Design Store, outlining the vision, mission, and forthcoming action plans of BCOC. She emphasised the organisation's initiatives aimed at enhancing value for the community.

Moving beyond budget discussions, the seminar delved into important topics such as succession planning and will formation, led by the knowledgeable Adv. Manish Kenia. Attendees gained valuable insights into the legal aspects and strategic considerations involved in estate planning, recognizing the importance of careful preparation for the future.

A highlight of the seminar was the market outlook session, where experts shed light on promising investment opportunities. Siddharth Kataria- Ex ISB and runs K2 capital - a wealth management firm, emphasised the significance of fundamental analysis, exploring sectors like solar energy, renewable energy, and automotive, and identifying key players in each domain.

CA Yogesh Nanda worked at Birla Sun Life Insurance for more than 10 years and is now a partner at Scalium Investments, shared insights into technical analysis, offering attendees essential tools and parameters for understanding market trends. His session prompted focused attention from the audience, highlighting the importance of informed decision-making in financial matters.

Mastering swing analysis, Suresh Gori- Independent Technical Trader in Equity Market since 2003, captivated participants with insights into market movements and predictive strategies. From interpreting candlestick charts to discerning trading opportunities, Suresh Gori's session sparked curiosity and intrigue among attendees.

Jasmin Bhanushali, Founder at JB Consultants, wrapped up the seminar with a discussion on mutual fund investments, providing practical strategies for wealth creation through systematic planning. Attendees left with actionable insights into investment schemes and long-term financial planning.

The seminar concluded with a dynamic rapid-fire session moderated by CA Anand Dama, Head BFSI (Research) at Emkay Global, where attendees engaged in lively discussions and sought clarification from the speakers. Responding to the overwhelming interest, BCOC announced an upcoming in-depth course on Capital Market in collaboration with VES Business School, scheduled to begin in March 2024.

A warm vote of thanks from CA Anand Dama marked the end of the event, followed by a felicitation ceremony honouring the contributions of the esteemed speakers. Shankarbhai Mav's sponsorship for 20 volunteers left a significant mark, highlighting his strong support for BCOC. Dr. Harshadbhai Mange's presence further bolstered the BCOC team, providing encouragement and confidence, and emphasising the BCOC's initiatives. Attendees then gathered for a networking dinner, sharing their learnings and forging new connections.

In essence, BCOC's Budget and Beyond 2024 seminar was a journey of discovery and enlightenment, equipping attendees with valuable insights and strategies for navigating market uncertainties and seizing financial opportunities.
